January/February 2024 Myrmarken Lodge 5-609 Marshfield, WI 54449

Kjære venner;

Det er veldig kald ut! It's very cold outside, so I hope you are all keeping warm. Snow, wind, and cold kept us from holding our January meeting, but barring another snowstorm, we want to gather together again at Scotty's on February 10th at 9am. Julaine Varsho will tell us about her trip to Iceland - the land of Fire and Ice! We have installation of officers to complete at our meeting in February, and make plans for future meetings.

I want to call your attention to the **Luther College Nordic Cathedral Choir** concert which will be on Monday, January 29th, 7pm, at First Presbyterian Church here in Marshfield. This choir has a long-standing reputation for some of the finest choral and orchestral music in the United States - and by a NOR-WEGIAN COLLEGE! Please come and hear them if it's possible for you.

See you at our February meeting, Saturday February 10th, at Scotty's, 9am. Bring a friend!!

Viking Discovery on Jomfruland

Viking Discovery on Jomfruland While looking for a lost gold earring in their garden, a family in Norway uncovered 1,000-year-old Viking artifacts. The Aasvik family, from a small island called Jomfruland, became the first to find a Viking-era discovery on the island. They had stumbled across it by using a metal detector to search for the earring in their yard. The metal detector alerted them underneath a large tree, so they began digging. Among the findings was a brooch and an additional item that was likely part of a Viking-era burial. Both were believed to have once been covered in gold and were engraved with depictions of animals.

The brooch is believed to date back between 780 and 850. These artifacts help prove the Vikings' existence on the island. Experts knew of settlements on the island dating back only to the Middle Ages, making this Viking discovery rather significant.
