From District Vice President Cheryl Schlessner

This past week our lodge leaders received a video message from David Crabb. His thoughts are below with some added commentary on my behalf.

https://youtu.be/ngYiX_vxLxo is the link to the video.

He highlighted several important points that our Lodge leaders could consider implementing.

1. Consider sharing Lodge responsibilities with others.
This practice ensure that others know how your lodge functions in the event of change or crisis. It helps to prevent leadership burnout and ensures a healthy lodge going forward.
2. Keep your communication honest and open with your members. Engage them by inviting their attendance at your lodge's planned virtual meetings or for any community service projects. Consider inviting others to your planned virtual events, not simply your members. You may find that these "outsiders" will consider a membership in the future!
3. During this time when lodges lie silent, choose a community project for your members that will make a positive impact on your city or region.
Last Sunday, I joined members from Nordlyset Lodge in Racine, WI, at their fundraiser. The fundraiser was held outdoors and the members were asked to wear facemasks to protect one another.
Members were asked to bring a box of cereal which would be donated to a local food pantry. Over 20 members were in attendance, and many people brought more than one item for the food pantry.
It was a win-win event. The members isolated since March, were able to safely gather, and their fundraiser was a huge success, positively impacting many families.
4. As you gather your leadership for future planning, create an environment where it is safe to fail. Taking a risk may reap rewards for your lodge.
Should an activity or event not work well, that's okay! Revise or redesign it. Identify what went wrong and create a new plan. If necessary, scrap the plan in favor of others. Be willing to be adventuresome!
5. Keep focusing outward. Use this time to plan a new member recruitment event. With the enthusiasm of our members...we cannot be stopped! How can your lodge do things more creatively?

If I can assist your lodge with future planning and membership recruitment, please contact me.

Thank you, *Cheryl*

Last week's "Nordic News" featured Wendy Winkelman in, "Starting a New Lodge – Shawnee Skogen: One Year Later." Winkelman is a charter member of Shawnee Skogen lodge in Carbondale IL.

This slide is not only a great checklist for starting a new lodge, but also a list we can all use for making our own lodges stronger. Wendy's presentation had a lot of great ideas for marketing and community outreach, as well as interesting population maps, showing Scandinavian-American ancestry distribution in America.

Next week (Sept. 22) to celebrate the delivery of the D5 Scandinavian playing cards, some of the top winners from individual lodges will be presenting their Nordic scenes and telling their "behind the photo" stories.

The Sons of Norway Sports Medal Program is a fun and engaging way to stay active while enjoying the Norwegian tradition of *friluftsliv* (outdoor life and recreation)! It's uniquely designed to reward healthy habits at every age, activity level and exercise preference.

- Idrettsmerke – General Fitness. The idrettsmerke is the Sports Medal Program's general sports and fitness pin that rewards a variety of activities. Any activity can count towards an idrettsmerke, so if you don't see your activity of choice on the card, contact your Sports Director to create a program that accommodates to your activity.
- Skimerke – Skiing. The skimerke is the Sports Medal Program's cross-country skiing pin. Cross-country skiing, a sport introduced to North America by Nordic immigrants, is a way to enjoy the outdoors during the cold winter months.
- Svømmemerke – Swimming. The svømmemerke is the Sports Medal program's swimming pin. Flutter kick, freestyle, back crawl and breaststroke can all propel you through the water and towards a bronze, silver, gold or enamel pin.
- Sykkelmerke – Biking. The sykkelmerke is the Sports Medal Program's bicycling pin. If you cycle indoors or outdoors for recreation, transportation or competition, use that effort over the year to earn a pin.
- Gangmerke – Walking. The gangmerke is the Sports Medal Program's walking pin. On average it takes 2000 steps to walk a mile – log every mile you walk because each step brings you closer to earning a pin.

After 387 miles of walking, the journey finishes at Nidaros Cathedral in Trondheim, Norway.

FFFN Basics

In an attempt to help our lodge leaders become more familiar with resources, changes, deadlines and other information, I will compile a weekly “Friendly Fifth Friday News” email to our leadership. Some of the information you might already have, but hopefully it will be a good reminder for all of us (me included) of all the great resources that Sons of Norway has to offer. **Please feel free to cut and paste any of this information for your lodge’s use!**

Send all web posting info and calendar dates/events directly to our webmaster at inputd5@sonsofnorway5.com With our new arrangement, I actually send the FFFN pdf to our webmaster on Thursday morning before I go to work. So if you have anything you’d like me to consider putting in, please send it by Wednesday night. Please do not send pdf’s as I have a hard time cutting and pasting them. The Word Document works best for me. Don’t forget that lodge events should be submitted to inputd5@sonsofnorway.com as I have a hard time keeping track of all lodge activities. I’ll put some in but that is more the role of the website event calendar.

If you would like to get the MS Word document, just shoot me an email and I’ll add you to the list. I send it out right after I send the email to the large group.
