Feel more connected to your cup of morning coffee by learning about the journey it takes to get there. See where coffee comes from and all the variety it can develop through the processes of farming, drying, roasting, and brewing. Presented by Darren Bell, whose coffee roastery in Bangkok, Thailand contributed to the rapidly growing coffee culture in Southeast Asia. This presentation goes into where and how coffee can be grown, how roasters create different coffee profiles, and how to brew the perfect cup. There will be some time at the end to ask questions so come with all of you burning coffee intrigue!
