Stamp Donations (Reminder to cut out stamps with a small part of the envelope around the stamp.)

We will not be sending them in this year but continue to save.

There are many ways in which we are asked to assist our fellow human beings who are in need. Participation in the Tubfrim program is one of the simpler yet successful ways to do just that. Tubfrim is an organization in Norway that resells cancelled stamps and donates the proceeds to help children with disabilities. In 1928 Ditlef Frantzen, postmaster of the small Norwegian town of Nesbyen, got the idea to collect and market canceled stamps as a way of raising funds for the Tuberculosis Association in Norway. Within a few years, his idea caught on and many communities in Norway and beyond were collecting and sending bags of canceled stamps to Nesbyen. When Frantzen left Nesbyen in 1943, he donated his stamp collecting institution to the Norwegian Health Service. Since tuberculosis is no longer the threat to health that it once was, today disabled and needy children receive the proceeds from the resale of stamps. Last year Tubfrim made a profit of 520,000 Kroner (that's almost \$80,000). To help Tubfrim do its crucial work, simply **clip canceled stamps from envelopes, leaving at least a quarter of an inch around the edge.**
