

Kjare venner, another month has come and along with November comes a time for Thanksgiving for what we have, time with family and friends, and wonderful dinners; and for some of us, it's hunting season.

Conflicts have brought about a change of date

for our meeting this month, so we will be meeting this Saturday, November 6th, 9am, at Scotty's Pizza. Polly Nikolai will be presenting the program about her European family vacation. This should be fun to hear, so I hope you won't miss it.

One of the items of business to be discussed is the election of officers for the coming two years, and we are still looking for more program ideas for 2022.

Birthday greetings to Julaine Varsho whose birthday is November 5th, and to Kit Chase, who celebrates on the 8th.

Next month is our Julfest celebration. Anne Grethe Cook has graciously invited to celebrate at her home on Sunday afternoon, December 5th.

We are looking forward to seeing everyone this Saturday at Scotty's. Bring a friend!

Hilsen fra, Dorothy

DID YOU KNOW?

TV dinners were born from a Thanksgiving accident.

In 1953, an employee of Swanson accidentally made a mass order of Thanksgiving turkeys. To be exact, it was 260 tons!

In order to get rid of them all, a salesman drew from how airplane food is served and thought of the idea to package a full meal on aluminum trays to be sold.

The idea was approved and 5,000 trays were filled with turkey, gravy, peas, and sweet potatoes. They were sold for a whopping 98 cents and they were a hit!

Since then, TV dinners have become a normal staple of dinners for people on the go, in a rush, or on a budget.

All because one employee ordered too much turkey!
