

Nordic News Virtual Programs

Nordic News introduces you to experts on Nordic and Nordic-American heritage. It is a “radio show” produced by the Fifth District, on every Tuesday at 6:20 PM (Central), 7:20 PM (Eastern).

We have recently streamlined Nordic News recordings, for you to use as program material for lodge meetings and virtual lodge meetings.

To download these for future use, click on the “download (arrow and line)” button on the upper right corner of the screen, when you are watching an archived Nordic News file. You can then replay these presentations, if your computer can play MP4 files.
