1:00 PM- Farm tour at Furseth Farm's Grain Operation- 2157 County A, Stoughton

The grain operation encompasses 3,500 acres. We are into vertical integration, meaning we control the crop from seed to market. We have 775,000 bushels of grain storage and we are drying and processing the grain on our farm. You will see our farm shop along with a short video and the opportunity to see our grain complex. They are proud of our Norwegian roots.

Jim and Mary's daughter-in-law, Kailee Furseth, will have her Suds & Harvest soap products available at the grain operation. She uses the farm milk to make the soaps! <https://www.sudsandharvest.com/>

Meet Kailee

Mother – Wife – Registered Nurse – Soap Maker – Small Business Owner

Mid 2022 I started making soap as a hobby using milk and tallow from our family's dairy farm. That morphed into a full deep dive into everything soap. I loved the science, creative possibilities and getting to share it with others. As a nurse, I understand how soap can be drying to delicate skin. Ours will nourish your skin and leave it feeling fantastic.

Based in DeForest, WI, Suds & Harvest was created with the idea to showcase the farmers that provide for us every day through soap! We want to uplift the small farms that are the backbone of Wisconsin and the Midwest. We use milk fresh from the family dairy farm in Stoughton, WI. We source additives like cornmeal, oats and honey from small farms local to us.

We hand make our soap to give you a luxurious experience. Each recipe is meticulously crafted for a specific purpose. One soap does not fit all needs.

2:15 PM- Farm tour at Furseth Farm's Dairy Operation- 1114 Starr School Road, Stoughton

An additional 155 acres of alfalfa are used to support the dairy operation where 180 cows are milked 3 times a day (6am, 2pm, and 10pm) in a double 8 parallel milking parlor. We will be there for milking time, so a fun opportunity to see the cows being milked and see the calves!

3:30 PM-5:00 PM- Open house at Fevolden Farm's (Alpaca) Studio- 2454 E. Gaston Rd, Cottage Grove

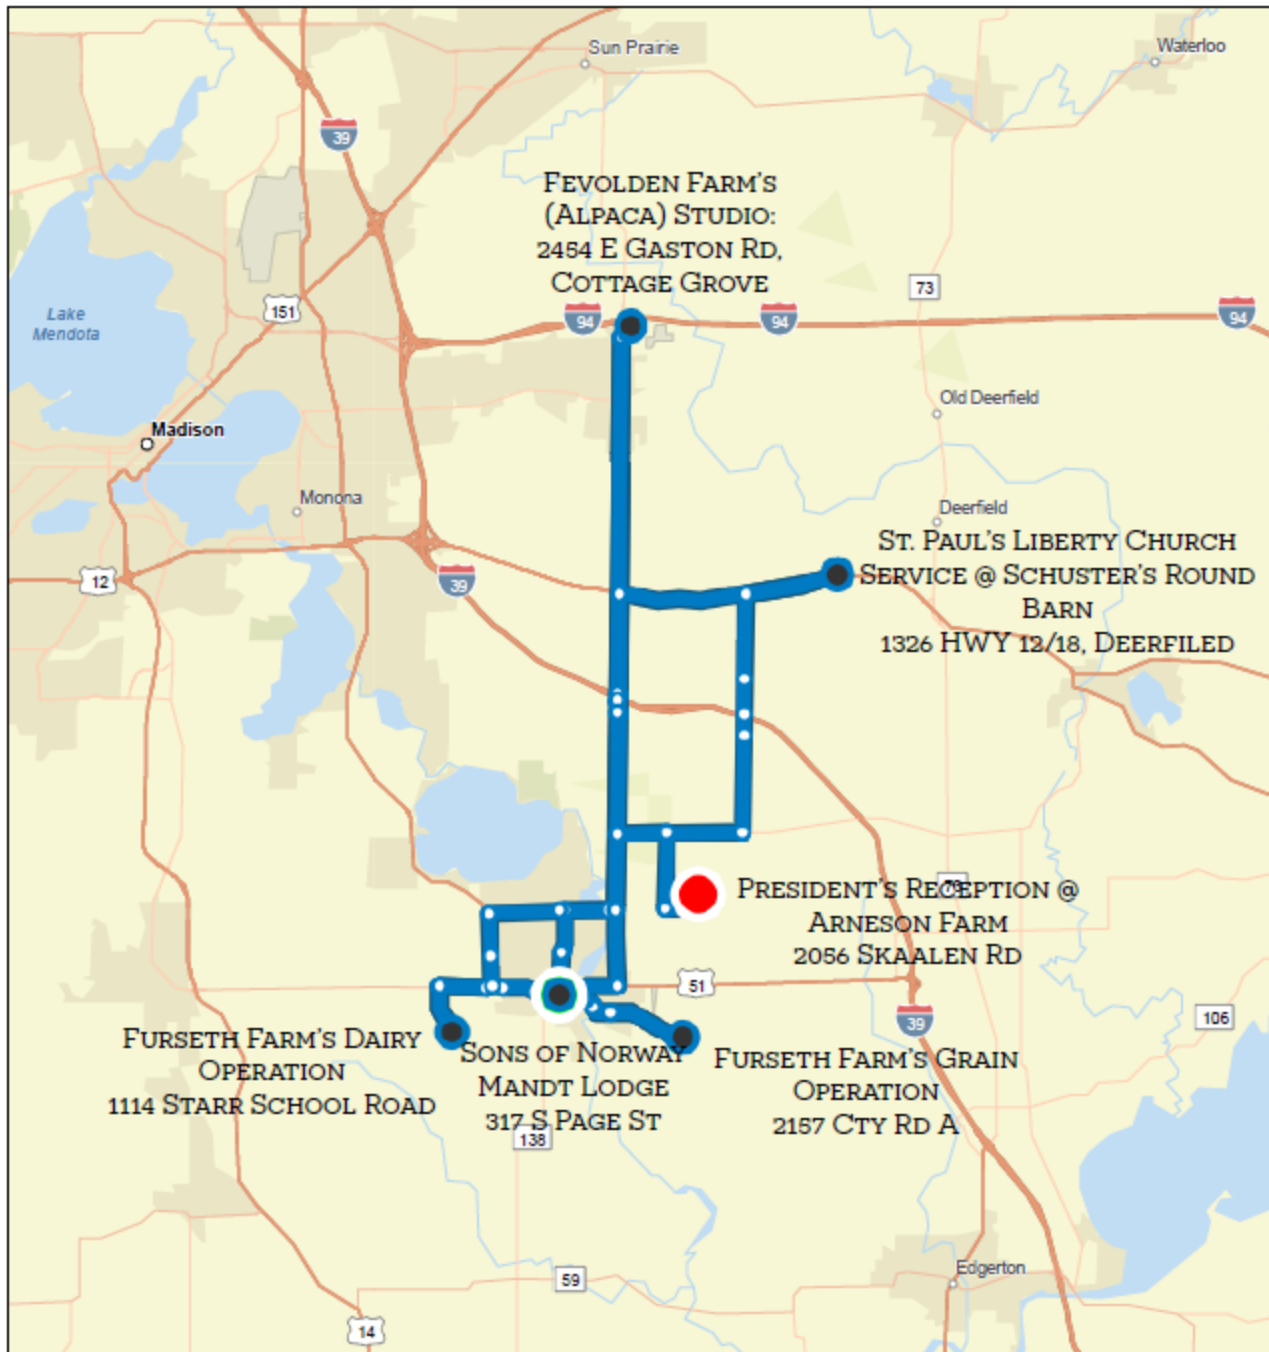

Plan now to attend an open house with Tom & Ginny Olson at Fevolden Farm Alpaca Studio in Cottage Grove, WI. See displays of alpaca fiber from their herd in various stages of processing from raw fleece to finished goods. Ginny will explain how she sets up one of the many looms for weaving that will be on display in her studio. Learn how the Viking Twill pattern came about and see examples of her handiwork. Tom will demonstrate some of the other equipment they work with. The Olsons co-own a small herd of alpacas and manage the fiber end of the business. Alpaca clothing from head to toe are available for sale year-round at their studio in Cottage Grove, a shop in Black River Falls and on-line. They specialize in socks, carrying over 50 different socks including compression, loose top and traditional in lengths from ankle to knee socks.

For those interested, alpaca clothing and gifts will be available for sale during the open house event. Fevolden Farm Alpaca Products, 2454 E. Gaston Rd, Cottage Grove, WI 53527 608-839-4610

5:00-9:00 PM- President's Reception at the Arneson Farm, 2056 Skaalen Rd, Stoughton
